## Product Description

Heavy-duty parts and components of 6 tonnes capacity

Refined & Redefining

GOODSENSE 6 ton diesel side loader forklift is a real packhorse. The forklift features a refined chassis, EU Stage II ISUZU engine (82.4kW at 2,000rpm), excellent ergonomic cabin and control levers, offering the highest levels of durability, productive forces and control in the market.

Responsible & strong

EU Stage II ISUZU diesel engine

Control levers

### Key Features

#### SUSTAINED DESIGN

All GOODSENSE sideloaders are built to last. Changes have been made to improve efficiency and pressure flow. The result is a more durable design, fully compliant with emissions regulations and yet with more sensitive control via hydraulic system.

#### AUTO STABILIZING SYSTEM

Once the platform is fixed in the horizontal position, the load remains stable even on uneven ground.

The Range: Mid-Sized, Heavy Duty

Our most popular sideloaders are most advanced, performing majestically over long shifts and greater distances.

GOODSENSE 6 ton diesel side loader forklift offers refined ergonomic cabin, control levers and the highest levels of durability & control in the market.
