

1.8 Ton Forklift Hydraulic Diesel Forklift Truck With Optional Lifting Height

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: GOODSENSE
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: Bare packaging
- Delivery Time: 30-40work days
- Payment Terms: T/T

Product Specification

- Color: Red
- Available: 35.4kw Diesel Engine
- Place Of Origin: China
- Brand Name: Goodsense
- Name: Forklift
- Condition: New
- Energy Supply: Reference Introduction
- Advantage: Small Vibration And Noise
- Highlight: **diesel 1.8 ton forklift, hydraulic 1.8 t forklift, 1.8 Ton diesel forklift truck**

Product Description

A COMPACT AND RELIABLE IC FORKLIFT WITH THE POWER TO HANDLE THE TOUGHEST JOBS

The most compact IC forklift truck in GOODSENSE product range, the diesel 1.8 ton forklift is designed for demanding indoor and outdoor applications, providing a low cost of ownership.

Available with a 35.4kw diesel engine, the Diesel 1.8 ton forklift is tough and reliable forklift truck suited to the most stressed 24 hour logistics and distribution operations.

GOODSENSE 1.8 ton diesel Counterbalanced Forklift Truck Highlights:

1. A robust chassis and high strength mast design optimises capacity retention at high lifts with excellent visibility and stiffness
2. The fully isolated powertrain uses elastomeric mounts to minimise noise and vibration in challenging operations, and the full floating design of the drive axle enhances dependability and reliability for a longer service life
3. Hassle-Free hydraulic systems featuring Leak-free O-ring face seal fittings enhance reliability and non-mechanical, Hall-Effect sensors and switches are designed to outlast the life of the truck
4. The maintenance free Hyster Stability Mechanism (HSM) enhances lateral stability without compromising uneven surface travel
5. An innovative operator compartment design offers easy driver access, excellent all-round visibility and conveniently located controls
6. Complete cowl-to-counterweight service access contributes to rapid, efficient maintenance. Simplified layout of wiring and hydraulics offers greater access to components, which decreases service time for unscheduled repairs and regular maintenance
7. To match the performance to the application there are a number of options including advanced hydraulic and cooling system options

GOODSENSE G-SERIES DIESEL FORKLIFT 1.8ton in detail

- Power
 - With a load centre of 500 mm can lift up to 1.8tonnes
 - High usability, extended period of use and low operating costs through automatic transmission with a powerful industrial engine
 - Move goods effectively: driving speed of up to 15 km/h
 - Safe load handling, even with a heavy load, through a stable mast which is designed to bear bending and distortion
- Human Engineering
 - Optional comfortable driver's cabin
 - Optimal Grammer seat
 - Easy and safe to come in and out with the non-slip step
 - Choose from a range of individual control options: Multi-lever, finger control or Joystick control
- Safety
 - Perfect all-round safety: Strong overhead guard and good visibility on all sides
 - Good sight of the load and fork carriage
 - Good safety and stability thanks to the Diesel 1.8 ton forklift truck's low centre of gravity
 - High user safety through comfortable steps and handles
 - Greater safety for drivers and the surroundings through a stable mast which is designed to withstand bending and distortion
- Fidelity
 - Secure load handling thanks to precise and direct hydraulic control
- Brevity
 - Its narrow working width makes it ideal for use in very strait spaces
 - Optimum view of the truck's outline through overhead guard
 - Low operating forces and simple truck handling thanks to the small steering wheel and manoeuvrable steering axle
- Environmental Obligation
 - Low fuel consumption: Reduction in running costs and carbon emissions
 - Low harmful emissions: Meets the requirements of 2006/42/EC

GOODSENSE HISTORY

Year 2006, GOODSENSE Forklift Founded

Year 2009, Awarded Small- and Medium-Sized Scientific and Technological Enterprises

Year 2010, Honored Audited Suppliers by MADE-IN-CHINA.COM

Year 2011, GOODSENSE forklift got China Torch Program certificate and awarded AA Level that complies with contracts and promises

Year 2012, GOODSENSE got award 2012 Taizhou Enterprise Technology Center

Year 2013, GOODSENSE forklift got Work Safety Standardization III level, Taizhou Economic Development Zone Top 10 exporters, Taizhou Economic Development Zone Top 10 industrial enterprises, High Technology and New Technology Enterprises, Integrity Private Enterprise honor

Year 2014, GOODSENSE forklift got Authorized Economic Operators (AEO), Cleaner Production Excellent Enterprise, Standardized good behavior AA Level, High and New Tech Enterprises R&D Center, China Cold Chain Technology Equipment Innovation Service Enterprise

Year 2015, Taizhou Economic Development Zone Quality Award, Good Quality Products Made in Zhejiang, China Forklift Top 10 Brands,

Year 2016, Taizhou Famous Brand Product, Nomination Award of Taizhou Quality Award, Taizhou Import and Export Integrity Enterprise Class A, China Forklift Top 10 Brands

GOODSENSE Philosophy: Devoted, Faith, Active, Diligent

Devoted: GOODSENSE people all devoted to work

Faith: To be No.1 forklift manufacturer in the world

Active: Active in work and life

Diligent: Diligent in work
